

我地揮一揮衣袖...便去尋廢

每年的年宵都會製造大量垃圾，更加有不少有用的貨物被丟棄在堆填區裏。今年我們的目標是了解舉辦年宵市場時所製造垃圾的情況，統計垃圾的數量及垃圾的種類，並嘗試從中尋找有用的物品。我們會將整個過程以短片形容呈現於大眾眼前，令市民對舉辦大型活動後的浪費情況有更深入的了解。此外，我們還會製作一個小指南，列出提供可以協助回收物資的機構，令往後的人若果想舉行綠色年宵更加得心應手。

Every year, huge amount of waste is produced after the Lunar New Year Fairs and a considerable number of valuable goods were discarded to landfills. This year our goal is to let public get a well understanding on the waste created during Lunar New Year Fairs by recording the amount and type of waste, collecting the useful items like the “treasure hunting”. A video will be produced after our investigation to let public visualize the real situation of Lunar New Year Fairs waste. Moreover, a guideline including a list of organizations which offering helps on recycling and accommodate materials will be produced for public’s reference. If you are interested and enthusiastic in organizing a green event, please stay tuned with us!
